Dear Representative,

I am a survivor of an automobile accident. I was 50 years old when my accident happened. With Auto No Fault I haven't had to worry about medical bills, medication or housing. If this SB 293 and SB 294 were to pass I would have to struggle to pay these bills putting a financial strain on me and my family. PLEASE SAY NO TO HB 4936.

Sincerely,

A handwritten signature in black ink that reads "Keith Byrd". The signature is written in a cursive style with a large, stylized "K" and "B".
